## DIRECTORS' RESPONSIBILITIES STATEMENT

for the financial year ended 30 April 2025

The directors made the following statement in respect of the unaudited financial statements:

### "General responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", applying Section 1A of that Standard, issued by the Financial Reporting Council. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the profit or loss of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the company financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and Directors' Report comply with the Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Directors' declaration on unaudited financial statements

In relation to the financial statements which comprise the Balance Sheet and the related notes:

The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.

The directors confirm that they have made available to Amatino Advisory Services Ltd, (Chartered Accountants Ireland), all the company's accounting records and provided all the information, books and documents necessary for the compilation of the financial statements.

The directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the financial year ended 30 April 2025."

## NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

### 1. General Information

C-True Opticians Ltd is a company limited by shares incorporated in Ireland. The registered office of the company is Murmod, Virginia, Co Cavan, Republic of Ireland. The principal activity of the company is that of an optician practice. The company was established in 2017 and currently operates from its business premises at Unit 16, Virginia Shopping Mall, Virginia, Co. Cavan. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

### 2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

#### Statement of compliance

The financial statements of the company for the year ended 30 April 2025 have been prepared in accordance with the provisions of FRS 102 Section 1A (Small Entities) and the Companies Act 2014.

#### Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, issued by the Financial Reporting Council.

The company qualifies as a small company as defined by section 280A of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Companies Act 2014 and Section 1A of FRS 102.

#### Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

#### Tangible assets and depreciation

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Fixtures, fittings and equipment	-	12.5% Straight line
Motor vehicles	-	12.5% Straight line

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

#### Leasing and hire purchases

Tangible assets held under leasing and Hire Purchases arrangements which transfer substantially all the risks and rewards of ownership to the company are capitalised and included in the Balance Sheet at their cost or valuation, less depreciation. The corresponding commitments are recorded as liabilities. Payments in respect of these obligations are treated as consisting of capital and interest elements, with interest charged to the Profit and Loss Account.

#### Stocks

Stocks are valued at the lower of cost and net realisable value. Stocks are determined on a first-in first-out basis. Cost comprises expenditure incurred in the normal course of business in bringing stocks to their present location and condition. Full provision is made for obsolete and slow moving items. Net realisable value comprises actual or estimated selling price (net of trade discounts) less all further costs to completion or to be incurred in marketing and selling.

#### Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

**C-True Opticians Ltd**  
**NOTES TO THE ABRIDGED FINANCIAL STATEMENTS**  
for the financial year ended 30 April 2025

**Borrowing costs**

Borrowing costs relating to the acquisition of assets are capitalised at the appropriate rate by adding them to the cost of assets being acquired. Investment income earned on the temporary investment of specific borrowings pending their expenditure on the assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

**Trade and other creditors**

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

**Employee benefits**

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The company also operates a defined benefit pension scheme for its employees providing benefits based on final pensionable pay. The assets of this scheme are also held separately from those of the company, being invested with pension fund managers.

**Taxation and deferred taxation**

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

Where a surcharge rate of tax applies to certain undistributed profits, the tax (deferred and current) charge is calculated at the tax rate applicable to undistributed profits until the company recognises a liability to pay a dividend.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

**Foreign currencies**

Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the Balance Sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the Profit and Loss Account.

**Ordinary share capital**

The ordinary share capital of the company is presented as equity.
