Irish law requires us as directors to prepare financial statements for each financial year. Under the law, the Directors have elected to prepare financial statements in accordance with Irish Generally Accepted Accounting Practice in Ireland. In preparing the financial statements we are required to

- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position, and profit and loss of the company to be determined with reasonable accuracy, and enable the financial statements to be audited.
