ABRIDGED FINANCIAL STATEMENTS

BALANCE SHEET AS AT 30TH APRIL 2025 (CONTINUED)

(d) we acknowledge the company's obligations under the Companies Act 2014, to keep adequate accounting records and prepare Financial Statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a year and to otherwise comply with the provisions of Companies Act 2014 relating to Financial Statements so far as they are applicable to the company.

We, as directors of Fort Rock Engineering Limited, state that - The company has relied on the specified exemption contained in Section 352 Companies Act 2014; the company has done so on the grounds that it is entitled to the benefit of that exemption as a company that qualifies for the micro companies regime and confirm that the abridged Financial Statements have been properly prepared in accordance with Section 353 Companies Act 2014.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the micro entities regime and in accordance with Financial Reporting Standard 105 "The Financial Reporting Standard applicable to the Micro Entities Regime". The financial statements were approved by the Board of Directors on 22nd January 2026 and authorised for issue on 22nd January 2026. They were signed on its behalf by

YEAR ENDED 30TH APRIL 2025
ABRIDGED FINANCIAL STATEMENTS

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH APRIL 2025

The significant accounting policies adopted by the company and applied consistently are as follows:

1. Accounting Policies

The company's registered office is 27 The Dale, Wolstan Haven, Celbridge, Co. Kildare. The company is a limited liability company incorporated in the Republic of Ireland and its company registration number is 384984.

(a) Basis of preparation

The financial statements are prepared on the going concern basis, under the historical cost convention, and comply with the financial reporting standards of the Financial Reporting Council including "The Financial Reporting Standard applicable to the Micro-Entities Regime – "FRS 105" and the Companies Act 2014.

(b) Currency

(i) Functional currency

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the company operates ("the functional currency"). The financial statements are presented in euro, which is the company's functional and presentation currency and is denoted by the symbol "€".

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions or the contract rate.

At each period end foreign currency monetary items are translated using the closing rate or the contract rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction.

All foreign exchange gains and losses are presented in the profit and loss account within "Other expenses".

(c) Turnover

Turnover is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Turnover comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Turnover from the provision of services is recognised in the accounting period in which the services are rendered and the outcome of the contract can be estimated reliably.

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH APRIL 2025

(d) Tangible Fixed Assets

(i) Cost

Tangible fixed assets are recorded at historic cost less accumulated depreciation and impairment losses. Cost includes prime cost and overheads incurred in financing the construction of tangible fixed assets. In accordance with Section 20 of FRS 105 interest costs are not capitalised.

(ii) Depreciation

Depreciation is provided on tangible fixed assets, on a straight-line basis, so as to write off their cost less residual amounts over their estimated useful economic lives.

The estimated useful economic lives assigned to tangible fixed assets are as follows:

Buildings	-	2%
Fixtures & Fittings	-	12½%

The company's policy is to review the remaining useful economic lives and residual values of tangible fixed assets on an on-going basis and to adjust the depreciation charge to reflect the remaining estimated useful economic life and residual value.

Fully depreciated tangible fixed assets are retained in the cost of tangible fixed assets and related accumulated depreciation until they are removed from service. In the case of disposals, assets and related depreciation are removed from the financial statements and the net amount, less proceeds from disposal, is charged or credited to the profit and loss account.

(e) Taxation

Current tax is calculated on the profits of the period. Current tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date.

Current taxation assets and liabilities are not discounted.

Deferred tax is not recognised.

(f) Trade and other debtors

Trade and other debtors are recognised initially at transaction price (including transaction costs). For trade debtors where the payment is beyond normal credit terms it is held at the present value of all future payments using the imputed rate of interest or the cash price for the goods or services where material. Where loans are advanced it is carried at the transaction price (including transaction costs where material) regardless of whether a financing arrangement exists. Subsequently all trade and other debtors are measured at transaction price plus transaction costs not yet recognised, plus any unwinding of the discount on transactions initially recognised at present value/cash value, less repayments, plus advances and less any provision for impairment. Transaction costs including any amounts deferred on sales where receipt is deferred beyond normal credit terms are released to the profit and loss on a straight line basis over the length of the contract. A provision for impairment of trade debtors is established where there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the estimated future cash flows. All movements in the level of the provision required are recognised in the profit and loss.

(g) Cash at bank and on hand

Cash at bank and on hand include cash on hand, demand deposits and other term highly liquid investments regardless of maturity. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

(h) Creditors and accruals

Creditors and accruals are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

Creditors and accruals are recognised initially at transaction price (including transaction costs). For trade creditors where the payment is beyond normal credit terms it is held at the present value of all future payments using the imputed rate of interest or the cash price for the goods or services where material. Where loans are advanced it is carried at the transaction price (including transactions cost where material) regardless of whether a financing arrangement exists. Subsequently these are measured at transaction price less transaction costs not yet recognised, plus any unwinding of the discount on transactions initially recognised at present value/cash value, less repayments, plus advances. Transaction costs including any amounts deferred on purchases where payment is deferred beyond normal credit terms are released to the profit and loss on a straight line basis over the length of the contract.

ABRIDGED FINANCIAL STATEMENTS

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH APRIL 2025

(i) Employee Benefits

The company provides a range of benefits to employees, including paid holiday arrangements.

(i) Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

(ii) Defined contribution pension plans

The Company operates a defined contribution plan. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate fund. Under defined contribution plans, the company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(j) Dividend distribution

Dividend distribution to equity shareholders are recognised as a liability in the company's financial statements in the period in which the dividends are approved by the equity shareholders. These amounts are recognised in profit and loss reserves.

(k) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.
