### 2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

#### Statement of compliance

The financial statements of the company for the financial year ended 31 March 2025 have been prepared on the going concern basis and in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS 102).

#### Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council.

The company qualifies as a small company as defined by section 280A of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Companies Act 2014.

#### Income

Income represents the total service charge receivable for the year, from residents of the units of Greenpark, Dundalk, Co. Louth. The development consists of 3 units. Service charges are billed in accordance with the terms of head lease agreement and as agreed in accordance with section 18 Multi-Unit Development Act 2011. Service charge revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the company. The directors deem that all debts are fully collectable and therefore there is no provision in the company for bad or doubtful debt included in the financial statements.

#### Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

The Sinking Fund is not guaranteed to cover all unexpected costs of a non-recurring nature. These funds are held in a separate designated bank account and are allocated to a special reserve titled "sinking fund reserve". Sinking fund contributions are recognized as income in the Income and Expenditure account in the period in which large, non-regular repair and maintenance work is undertaken. The company has not yet set up a separate designated bank account.

### 3. Significant accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make estimates, judgements and assumptions when applying accounting policies. These affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

## NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 March 2025

The estimates and underlying assumptions are reviewed on an on-going basis.

The estimates and assumptions that have a significant risk of causing material adjustment to the carrying amount of assets and liabilities within the next financial year are addressed below.

a) Impairment of service charges in arrears.

The obligation to pay service charges is one of which owner is legally bound under the term of their lease agreement with the Owners Management Company (OMC). Any arrears of service charges for the property are linked to property and these are not written off or provided against when collectability is assured. Arrears may build up on for a specified property for specified period, but it is expected that these are recoverable in the long term on an eventual sale/transfer of the property.

b) Provisions & accruals

Provisions by their nature are liabilities with an uncertain timing or amount. These provisions require management's best estimate in relation to the future cash outflows likely to arise in connection with obligations existing at the reporting date.

#### 4. Departure from Companies Act 2014 Presentation

The directors have elected to present an Income and Expenditure Account instead of a Profit and Loss Account in these financial statements as this company is a not-for-profit entity.
