## NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

### 1. General Information

A1 TAXIS LAOIS LIMITED is a company limited by shares incorporated and registered in Ireland. The registered number of the company is 470286. The registered office of the company is 33 Bianconi Way, Ridge Road, Portlaoise, Co Laois which is also the principal place of business of the company. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

### 2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

#### Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime" issued by the Financial Reporting Council.

The company qualifies as a micro company as defined by section 280D of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Micro Companies Regime' in accordance with section 280E of the Companies Act 2014 and FRS 105.

#### Turnover

Turnover represents the weekly service charge levied on the subscribers of the company who utilise the taxi booking service provided. All income of the company derives from the provision of goods and services within the company's ordinary activities.

#### Tangible assets and depreciation

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Fixtures, fittings and equipment	- 20% Straight line
----------------------------------	---------------------

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

#### Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

#### Borrowing costs

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

#### Taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

#### Foreign currencies

#### Financial Instruments

#### Financial Assets, Liabilities and Instruments

The company has chosen to adopt FRS 105 in full in respect of financial instruments.

#### Financial Assets

## A1 TAXIS LAOIS LIMITED

# NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

Basic financial assets, including trade and other receivables, cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest rate method.

At the end of each reporting period financial assets measured at cost or amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the present value of the estimated cash flows discounted at the asset's original effective interest rate and its carrying value. The impairment loss is recognised in the profit and loss account.

If there is a decrease in an impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the profit and loss account.

### Financial Liabilities

Basic financial liabilities, including trade and other payables are recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost using the effective interest method.

Debt instruments that are payable or receivable within one year are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

### Share capital of the company

#### Ordinary share capital

The ordinary share capital of the company is presented as equity.
