Notes to the abridged financial statements Financial year ended 31st December 2025

1. General information

The company is a private company limited by shares, registered in Ireland. The address of the registered office is Healy Tours Ireland Ltd, School Road, Brosna, Tralee, Co. Kerry.

2. Statement of compliance

These financial statements have been prepared in accordance with FRS 105, 'The Financial Reporting Standard applicable to the Micro-entities Regime'.

3. Accounting policies and measurement bases

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared on a going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 The Financial Reporting Standard applicable to the Micro-entities Regime issued by the Financial Reporting Council ("FRS 105"). The company qualifies as a micro company for the period, as defined by section 280D of the Companies Act 2014, in respect of the financial year and has applied the rules of the 'micro companies regime' in accordance with section 280E of the Companies Act 2014 and FRS 105.

The financial statements are prepared in Euro, and all amounts have been rounded to the nearest Euro.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Notes to the abridged financial statements (continued)

Financial year ended 31st December 2025

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fittings fixtures and equipment	- 12.5%
Motor vehicles	- 12.5%

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.
