We as Directors of Noonan Moran Architecture Limited, state that -

- (a) the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,
- (b) the company is availing itself of the exemption on the grounds that the conditions specified in section 358 are satisfied,
- (c) the shareholders of the company have not served a notice on the company under section 334(1) in accordance with section 334(2),
- (d) we acknowledge the company's obligations under the Companies Act 2014, to keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a financial year and to otherwise comply with the provisions of the Companies Act 2014 relating to financial statements so far as they are applicable to the company,
- (e) the company has relied on the specified exemption contained in section 352 Companies Act 2014 (as a micro company). The company has done so on the grounds that the company is entitled to the benefit of that exemption as a small company and the abridged financial statements have been properly prepared in accordance with section 353 Companies Act 2014 and the micro companies' regime.

Approved by the Directors and authorised for issue on 27 March 2026 and signed on its behalf by:

Albert Noonan
Director

Alan Moran
Director

Noonan Moran Architecture Limited

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

1. General Information

Noonan Moran Architecture Limited is a company limited by shares incorporated and registered in Ireland. The registered number of the company is 439562. The registered office of the company is 139 Lower Baggot Street, Dublin 2 which is also the principal place of business of the company. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime" issued by the Financial Reporting Council.

The company qualifies as a micro company as defined by section 280D of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Micro Companies Regime' in accordance with section 280E of the Companies Act 2014 and FRS 105.

Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

Tangible assets and depreciation

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Fixtures, fittings and equipment	-	12.5% Straight line
Computer and office equipment	-	25% Straight line

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Leasing

Rentals payable under operating leases are dealt with in the Income Statement as incurred over the period of the rental agreement.

Stocks

Work in progress is valued at the lower of cost and net realisable value.

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Borrowing costs

Borrowing costs relating to the acquisition of assets are capitalised at the appropriate rate by adding them to the cost of assets being acquired. Investment income earned on the temporary investment of specific borrowings pending their expenditure on the assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Statement of Financial Position date.

Noonan Moran Architecture Limited

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

Ordinary share capital

The ordinary share capital of the company is presented as equity.

3. Appropriation of Income Statement	2025	2024
	€	€
Loss brought forward	(40,493)	(52,086)
Profit for the financial year	5,614	11,593
Loss carried forward	<u>(34,879)</u>	<u>(40,493)</u>

4. Going concern

The financial statements have been prepared on the going concern basis which assumes that the company will continue in operational existence for the foreseeable future with no intention to significantly curtail its activities in the next 12-month period. The company generated an after-tax profit of €5,614 for the current financial year. The company has excess liabilities over assets of €34,779 at 30th April 2025 which casts doubt upon the company's ability to continue as a going concern. The directors have committed to providing continued financial support to the company through directors loans totaling €87,518. After considering the uncertainties above, the directors have a reasonable expectation that the company has adequate resources to continue in operation for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparing the annual report and accounts.

5. Post-Balance Sheet Events

There have been no significant events affecting the company since the financial year-end.

6. Approval of financial statements

The financial statements were approved and authorised for issue by the board of directors on 27 March 2026.
