#### **Directors' Responsibilities**

The directors are responsible for preparing the Director's Report and the financial statements in accordance with applicable law and generally accepted accounting practice in Ireland including the accounting standards issued by financial reporting council and promulgated by chartered accountants Ireland.

Irish law requires us as directors to prepare financial statements for each financial year. Under the law, the Directors have elected to prepare financial statements in accordance with Irish Generally Accepted Accounting Practice in Ireland. Under company law, the Directors must not approve the financial statements unless they are satisfied that they give true and fair views of the assets, liabilities and the financial position of the company as at the financial year end date and of the profit or loss of the company for that financial year and otherwise comply with the Companies Act 2014.

In preparing the financial statements we are required to

- select suitable accounting policies and apply them consistently
- make judgements and estimates that are prudent
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position, and profit and loss of the company to be determined with reasonable accuracy, and enable the financial statements to be audited. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention of fraud and other irregularities.
