**STATEMENT OF DIRECTORS' RESPONSIBILITIES FOR THE SHAREHOLDERS'
FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH SEPTEMBER 2025**

General Responsibilities

Irish Company law requires the directors to prepare financial statements for each financial year giving a true and fair view of the state of affairs of the company. Under the law the directors have elected to prepare financial statements in accordance with Generally Accepted Accounting Practice in Ireland, including the Financial Reporting Standard 105 "The Financial Reporting Standard applicable in the Republic of Ireland" and Irish Law.

Under company law the directors shall not approve financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position, as at the end of the financial year, and profit or loss for the financial year and otherwise comply with the act.

As per the Companies Act 2014 Section 324(6) every director of the company who is party to the approval of financial statements and who knows that they do not give such a view or otherwise so comply or is reckless as to whether that is so shall be guilty of a category 2 offence.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards and note the effect and the reasons for any material departure from those standards;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for the accuracy and completeness of the records, documents, explanations and other information provided by management for the compilation engagement. The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy and enable them to ensure that the financial statements and directors report comply with the Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

The engagement to compile the financial statements cannot be regarded as providing assurance on the adequacy of the company's systems or on the incidence of fraud, non-compliance with laws and regulations or weaknesses in internal control. Engaging external accountants to compile financial statements does not relieve the directors of their responsibilities in this respect.
