I, as director of WP Care Limited, state that:

- The Company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,
- The Company is availing itself of the exemption on the grounds that the conditions specified in s.358 are satisfied,
- The shareholders of the Company have not served a notice on the Company under s.334(1) in accordance with s.334(2),
- I acknowledge the Company's obligations under the Companies Act 2014 and to keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the Company at the end of its financial year and of its profit or loss for such a year and to otherwise comply with the provisions of Companies Act 2014 relating to financial statements so far as they are applicable to the Company,
- The Company has relied on the specified exemption contained in s.352 Companies Act 2014 and has done so on the grounds that the Company is entitled to the benefit of that exemption as a small company and the abridged financial statements have been properly prepared in accordance with s.353 Companies Act 2014.

These financial statements have been prepared in accordance with the micro companies regime.

The financial statements of WP Care Limited (registered number: 651669) were approved and authorised for issue by the director on 19 January 2026 and were signed on its behalf by:

A Harkness

Andrew Harkness
Director

WP CARE LIMITED
NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
for the financial year ended 31 May 2025

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the financial year and to the preceding financial year, unless otherwise stated.

General information and basis of accounting

WP Care Limited (registered number 651669) (the Company) is a private company, limited by shares, registered in Ireland under the Companies Act 2014. The address of the registered office is Northside Enterprise Centre, Bunratty Drive, Dublin, D17 PD77, Ireland.

The financial statements have been prepared under the historical cost convention and in accordance with FRS 105 'The Financial Reporting Standard applicable to the Micro-entities Regime'.

The functional currency of WP Care Limited is considered to be EUR because that is the currency of the primary economic environment in which the Company operates.

These financial statements are separate financial statements.

Going concern

The director has assessed the Balance Sheet and likely future cash flows at the date of approving these financial statements. The director notes that the business has net liabilities of €14,236. The Company is supported through loans from the director. The director has confirmed that the loan facilities will continue to be available for at least 12 months from the date of signing these financial statements and the director will continue to support the Company. Given the current position, the director believes that any foreseeable debts can be met for at least 12 months from the date of signing these financial statements. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the Balance Sheet date are reported at the rates of exchange prevailing at that date.

Exchange differences are recognised in the Profit and Loss Account in the period in which they arise except for exchange differences arising on gains or losses on non-monetary items which are recognised in the Statement of Comprehensive Income.

Turnover

Turnover is recognised at the transaction value of the consideration received or receivable for services provided in the normal course of business, and is shown net of VAT and other sales related taxes. The transaction value of consideration takes into account trade discounts, settlement discounts and volume rebates.

Turnover from the provision of services is recognised when the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

WP CARE LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS (continued) for the financial year ended 31 May 2025

Taxation

Current tax

Current tax, including Irish corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

A provision is recognised for those matters for which the tax determination is uncertain but it is considered probable that there will be a future outflow of funds to a tax authority. The provisions are measured at the best estimate of the amount expected to become payable. The assessment is based on the judgement of tax professionals within the Company supported by previous experience in respect of such activities and in certain cases based on specialist independent tax advice.

Where items recognised in other comprehensive income or equity are chargeable to or deductible for tax purposes, the resulting current or deferred tax expense or income is recognised in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the Company intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Intangible assets

Intangible assets are stated at cost or valuation, net of amortisation and any provision for impairment. Amortisation is provided on all intangible assets at rates to write off the cost or valuation of each asset over its expected useful life as follows:

Other intangible assets	5 years straight line
-------------------------	-----------------------

Tangible fixed assets

Tangible fixed assets are stated at cost or valuation, net of depreciation and any provision for impairment. Depreciation is provided on all tangible fixed assets, other than investment property and freehold land, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a straight-line or reducing balance basis over its expected useful life, as follows:

Plant and machinery etc.	5 years straight line
--------------------------	-----------------------

Residual value represents the estimated amount which would currently be obtained from disposal of an asset, after deducting estimated costs of disposal, if the asset were already of the age and in the condition expected at the end of its useful life.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

Impairment of assets

Assets, other than those measured at fair value, are assessed for indicators of impairment at each Balance Sheet date. If there is objective evidence of impairment, an impairment loss is recognised in the Profit and Loss Account as described below.

WP CARE LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS (continued) for the financial year ended 31 May 2025

Trade and other debtors

Trade and other debtors are initially recognised at transaction value and thereafter the receivables are stated at cost less impairment losses for bad and doubtful debts.

Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in creditors: amounts falling due within one year.

Trade and other creditors

Trade and other creditors are initially recognised at transaction value.

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the Balance Sheet date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Ordinary share capital

The ordinary share capital of the Company is presented as equity.

Post Balance Sheet events

There have been no significant events affecting the company since the year end.
