Arrivall Technologies Limited
Notes to the Financial Statements
For The Year Ended 30 April 2025

1. General Information

Arrivall Technologies Limited is a private company, limited by shares, incorporated in Ireland, registered number 740320. The registered office is Strand Campus, Sligo Airport Business Park, Strandhill, Sligo, F91W 53K. The nature of the company's operations and its principal activities are set out in the Directors' Report. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Accounting Policies**2.1. Basis of Preparation of Financial Statements**

The financial statements have been prepared on the break-up basis, as management has determined, in accordance with Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council. Due to the adoption of the break-up basis, assets and liabilities are measured at their fair value less costs of disposal.

2.2. Going Concern Disclosure

The company is deemed to be insolvent as it cannot meet its financial liabilities and is not able to complete the development of its product in order to generate sufficient income and remain in operation.
