Directors responsibilities statement

These abridged financial statements have been extracted, pursuant to section 353 of the Companies Act 2014, from the statutory financial statements prepared under section 290 of that Act. The following is the Directors Responsibilities Statement accompanying those financial statements.

The directors are responsible for preparing the directors report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the directors to prepare financial statements for each financial year. Under the law, the directors have elected to prepare the financial statements in accordance with Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-entities regime" issued by the Financial Reporting Council, and promulgated by the Institute of Chartered Accountants in Ireland. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the profit or loss of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and Directors report comply with the Companies Act 2014 and enable the financial statements to be compiled. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' Declaration on Unaudited Financial Statements

In relation to the financial statements as set out on pages 3 to 5

- (a) The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgments underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.
- (b) The directors confirm that they have made available to Cronin Financial Limited, Institute of Chartered Accountants, the company's accounting records and provided all the information necessary for the compilation of the financial statements.
- (c) The directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the period ended 31st December 2025.

Notes to the abridged financial statements Financial year ended 31 December 2025

1. General information

The company's' registered office is 4 Carlton Villas, Ballsbridg, Dublin. The company is a limited liability company incorporated in the Republic of Ireland and its company registration number is 744257.

The significant accounting policies adopted by the Company and applied consistently are as follows:

Basis of preparation

The Financial Statements are prepared on the going concern basis , under the historical cost convention and comply with the financial reporting standards of the Financial Reporting Council [and promulgated by Chartered Accountants Ireland] including 'The Financial Reporting Standard applicable to the Micro-Entities Regime - 'FRS 105', the Companies Act 2014.

Investments

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value. Income from other investments together with any related withholding tax is recognised in the Profit and Loss Account in the financial period in which it is receivable.

Trade and Other Debtors

Trade and other debtors including amounts owed from group companies are recognised initially at transaction price (including transaction costs). For trade debtors where the payment is beyond normal credit terms it is held at the present value of all future payments using the imputed rate of interest or the cash price for the goods or services where material. Where loans are advanced it is carried at the transaction price (including transaction costs where material) regardless of whether a financing arrangement exists. Subsequently all trade and other debtors are measured at transaction price plus transaction costs not yet recognised, plus any unwinding of the discount on transactions initially recognised at present value/cash value, less repayments, plus advances and less any provision for impairment. Transaction costs including any amounts deferred on sales where receipt is deferred beyond normal credit terms are released to the profit and loss on a straight line basis over the length of the contract. A provision for impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the estimated future cash flows. All movements in the level of the provision required are recognised in the profit and loss.

Creditors and accruals

Creditors and accruals are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

Creditors and accruals including amounts owed to group companies are recognised initially at transaction price (including transaction costs). For trade creditors where the payment is beyond normal credit terms it is held at the present value of all future payments using the imputed rate of interest or the cash price for the goods or services where material. Where loans are advanced it is carried at the transaction price (including transactions cost where material) regardless of whether a financing arrangement exists. Subsequently these are measured at transaction price less transaction costs not yet recognised, plus any unwinding of the discount on transactions initially recognised at present value/cash value, less repayments, plus advances. Transaction costs including any amounts deferred on purchases where payment is deferred beyond normal credit terms are released to the profit and loss on a straight line basis over the length of the contract.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.
