The original report was approved by the board on 9th January,2026 and signed by Sabrina Macari and Pietro Macari

Statement of Directors' Responsibilities and declaration on unaudited financial statements.

General Responsibilities

The directors are responsible for preparing the Annual Report and the Financial Statements in accordance with applicable Irish law and generally accepted accounting practice in Ireland including the accounting standards issued by the Financial Reporting Council and published by the Institute of Chartered Accountants in Ireland.

Irish Company Law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to :

1. select suitable accounting policies and apply them consistently
2. make judgments and estimates that are reasonable and prudent
3. prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the company and to enable to ensure that the financial statements comply with the Companies Act, 2014 and all Regulations to be construed as one with those acts. They are also responsible for ensuring the company otherwise complies with the provisions of those Acts relating to the financial statements as far as they are applicable to the company.

They are also responsible for taking such steps as are reasonably open to them to safeguard the assets of the company and hence for taking steps for the prevention and detection of fraud and other irregularities.

Directors' declaration on unaudited financial statements.

In relation to the financial statements as set out on pages 4 to 6 :

- (a) The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgments underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.
- (b) The directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the year ending 31st March, 2025.
- (c) The directors confirm that they have made available to Ronan Leech and Company, all the company's accounting records and provided all the information, books or documents necessary for the completion of the financial statements.

Accounting Policies

The significant accounting policies adopted by the company are as follows:-

Historical Cost Convention

These accounts are prepared under the historical cost convention.

Tangible Assets

Freehold land and buildings are stated at cost or valuation less accumulated depreciation on buildings.

Depreciation is calculated in order to write off the cost of the tangible assets over their estimated useful lives by equal annual instalments or reducing annual instalments.

Leases

Where tangible assets are financed by leasing agreements which transfer the risks and benefits of ownership (finance leases), they are treated as if they had been purchased outright at the present values of the minimum lease payments. The corresponding obligations are shown in the balance sheet as finance leases.

Depreciation is calculated in order to write off the amounts capitalised over the estimated useful lives of the assets by equal annual instalments.

The excess of the total rentals under a lease over the amount capitalised is treated as interest, which is charged to the profit and loss account in proportion to the amount outstanding under the lease.

Stocks

Stocks are stated at the lower of cost and net realisable value.

Foreign Currencies

Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rates ruling at the balance sheet date and revenues, costs and non-monetary assets at the exchange rates ruling at the dates of the transactions.

Profits and losses arising from foreign currency translations and on settlement of amounts receivable and payable in foreign currency are dealt with through the profit and loss account.

Monetary assets are monies held and amounts to be received in money. All other assets are non-monetary assets.
