Statement of directors' responsibilities on unaudited financial statements

General responsibilities

The directors are responsible for preparing the annual report and the statutory financial statements in accordance with applicable law and Generally Accepted Accounting Practice in Ireland, including the Accounting Standards issued by the Financial Reporting Council

Company law requires the directors to prepare statutory financial statements for each financial year, which give a true and fair view of the assets, liabilities and financial position of the company, as at the end of the financial year, and profit or loss, for the financial year and otherwise comply with the Companies Act 2014. In preparing those financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether the statutory financial statements have been prepared in accordance with applicable accounting standards, identify those standards and note the effect and the reasons for any material departure from those standards;
- Prepare the statutory financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business;

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy and enable them to ensure that the statutory financial statements and directors report comply with the Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
