NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
for the financial period from 10 July 2024 to 31 October 2025

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the financial period, unless otherwise stated.

General information and basis of accounting

Sports Impact Technologies Nominees Limited (registered number 767578) (the Company) is a private company, limited by shares, registered in Ireland under the Companies Act 2014. The address of the registered office is Kilcrouney Business Park, Kilcrouney, Bray, Wicklow. A98 D7N0, Ireland.

The financial statements have been prepared under the historical cost convention and in accordance with FRS 105 'The Financial Reporting Standard applicable to the Micro-entities Regime'.

The functional currency of Sports Impact Technologies Nominees Limited is considered to be EUR because that is the currency of the primary economic environment in which the Company operates.

Going concern

The director has assessed the Balance Sheet and likely future cash flows at the date of approving these financial statements. The director notes that the business has net liabilities of €1,803. The Company is supported through Intercompany Loans. The director has received assurances that the loan facilities will continue to be available for at least 12 months from the date of signing these financial statements and the Intercompany Loans will continue to support the Company. After making enquiries, the director believes that any foreseeable debts can be met for at least 12 months from the date of signing these financial statements. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Impairment of assets

Assets, other than those measured at fair value, are assessed for indicators of impairment at each Balance Sheet date. If there is objective evidence of impairment, an impairment loss is recognised in the Profit and Loss Account as described below.

Fixed asset investments

Investments are recognised initially at fair value which is normally the transaction price excluding transaction costs. Subsequently, they are measured at fair value through profit or loss if the shares are publicly traded or their fair value can otherwise be measured reliably. Other investments are measured at cost less impairment.

Trade and other debtors

Trade and other debtors are initially recognised at transactional price and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts, except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS (continued)
for the financial period from 10 July 2024 to 31 October 2025

Trade and other creditors

Trade and other creditors are initially recognised at transactional price and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Financial assets and liabilities are only offset in the Balance Sheet when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Ordinary share capital

The ordinary share capital of the Company is presented as equity.
