Directors responsibilities statement

These abridged financial statements have been extracted, pursuant to section 353 of the Companies Act 2014, from the statutory financial statements prepared under section 290 of that Act. The following is the Directors Responsibilities Statement accompanying those financial statements.

The directors are responsible for preparing the directors report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the directors to prepare financial statements for each financial year. Under the law, the directors have elected to prepare the financial statements in accordance with the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council, and promulgated by the Institute of Certified Public Accountants In Ireland. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the profit and loss of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and directors report comply with the Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' declaration on unaudited financial statements

In relation to the statutory financial statements:

- The directors approve these statutory financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. They have been prepared on the going concern basis on the grounds that the company will continue in business.
- The directors confirm that they have made available to Ifac, the company's accounting records and provided all the information necessary for the compilation of the financial statements.
- The directors confirm that to the best of their knowledge and belief, the accounting records reflect all the transactions of the company for the year ended 31 March 2025.

Cloneen Farm Limited

Notes to the abridged financial statements Financial year ended 31 March 2025

1. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis.

The financial statements are prepared in Euro, which is the functional currency of the entity.

Turnover

Turnover represents the net sales to customers.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer, usually on despatch of the goods, the amount of revenue can be measured reliably, it is probable that the associated economic benefits will flow to the entity, and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Tangible assets

Tangible assets are initially stated at cost less accumulated depreciation and accumulated impairment loss. Cost includes all costs that are directly attributable to bringing the asset into working condition intended to use.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

| | | |
|---------------------|---------|------------------|
| Plant and machinery | - 12.5% | reducing balance |
| Power machinery | - 25% | reducing balance |

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Stocks

Biological Assets are valued at cost. Agricultural Produce is valued at the lower of cost and estimated selling price less costs to complete and sell. Full provision has been made for damaged, deteriorated, obsolescent or unusable stocks. Where appropriate, cost is defined as being 60% for cattle and 75% for sheep, of the market value of animals bred on the farm or purchased as immature stock in accordance with agreed taxation procedures.

Cloneen Farm Limited

Notes to the abridged financial statements (continued) Financial year ended 31 March 2025

Financial instruments

Basic financial assets and liabilities are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of future receipts discounted at a market rate of interest.

Such assets and liabilities are subsequently carried at amortised cost using the effective interest rate method.

At the end of each reporting period financial assets and liabilities measured at cost or amortised cost are assessed for objective evidence of impairment. If an asset or liability is impaired the impairment loss is the difference between the present value of the estimated cash flows discounted at the asset's/liabilities original effective interest rate. The impairment loss is recognised in profit and loss account.

If there is a decrease in an impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the profit and loss account.

Debt instruments that are payable or receivable within one year are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.
