NOTES TO THE ABRIDGED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

1. ACCOUNTING POLICIES

The significant accounting policies adopted by the company in the preparation of these financial statements are as follows:

1.1. BASIS OF ACCOUNTING

The financial statements are prepared under the historical cost convention, and comply with the standards issued by the Financial Reporting Council, specifically Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland " (FRS 102).

The financial statements are prepared in Euro which is the functional currency of the company.

1.2. TURNOVER

Turnover represents income from activities during the year. Turnover and Expenses are included in the Financial Statements as they become due or receivable.

1.3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand and at bank together with demand deposits. Bank overdrafts are shown within borrowings in current liabilities.

1.4. TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at cost less accumulated depreciation. Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and machinery	-	15 % Reducing Balance
Fixtures, fittings and equipment	-	25% Straight Line
Motor vehicles	-	15% Reducing Balance

Impairment reviews are carried out where there are events or changes in circumstances that indicate that the carrying value amount of the fixed asset may not be recoverable. Where there is an impairment loss it is recognised in the profit and loss account.

1.5. INVESTMENTS

Listed investments are stated at cost less provision for impairment in value.

1.6. TAXATION

The charge for taxation is based on profit for the year and is calculated with reference to the tax rates applying at the at the balance sheet date.

Current tax is provided at amounts expected to be paid or recovered using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Provision is made at the rates expected to apply when the timing differences reverse. Timing differences are differences between taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those, which there are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all the available evidence, it can be regarded as more likely than not that there will be suitable tax profits from which the future reversal of the underlying timing differences can be deducted.
