The financial statements have been prepared in accordance with the micro-companies' regime and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime".

We as Directors of Get Maxi Limited state that -

(a) the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,

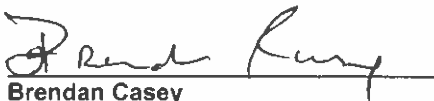

(b) the company is availing itself of the exemption on the grounds that the conditions specified in section 358 are satisfied,

(c) the shareholders of the company have not served a notice on the company under section 334(1) in accordance with section 334(2),

(d) we acknowledge the company's obligations under the Companies Act 2014, to keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a financial year and to otherwise comply with the provisions of the Companies Act 2014 relating to financial statements so far as they are applicable to the company,

(e) the company has relied on the specified exemption contained in section 352 Companies Act 2014 (as a micro company). The company has done so on the grounds that the company is entitled to the benefit of that exemption as a small company and the abridged financial statements have been properly prepared in accordance with section 353 Companies Act 2014 and the micro companies' regime.

Approved by the Directors and authorised for issue on 22 January 2026 and signed on its behalf by:

 Brendan Casey
 Director

 Kenneth Casey

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

1. General Information

The financial statements comprising the Profit and Loss Account, the Balance Sheet and the related notes constitute the individual financial statements of Get Maxi Ltd for the financial year ended 30th April 2022.

Get Maxi Ltd is a company limited by shares (registered under Part 2 of the Companies Act 2014) incorporated in the Republic of Ireland (CRO Number 556710). The registered office is Ohermong, Caherciveen, Co. Kerry.

The principal activity of the company is to provide computer services and to act as a consultant and developer in all products and services associated with computers and computer type equipment. Get Maxi Ltd is an expertise consultancy company that specialises in digital development and software.

Currency

The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime" issued by the Financial Reporting Council.

The company qualifies as a micro company as defined by section 280D of the Companies Act 2014 in respect of the financial year and has applied the rules of the 'Micro Companies Regime' in accordance with section 280E of the Companies Act 2014 and FRS 105.

Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

Tangible assets and depreciation

All tangible fixed assets are initially recorded at historic cost. This includes legal fees, stamp duty and other non-refundable purchase taxes, and also any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, which can include the costs of site preparation, initial delivery and handling, installation and assembly, and testing of functionality.

At each reporting date the Company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised immediately in profit or loss where carrying amount exceeds the recoverable amount.

The charge to depreciation is calculated to write off the original cost or valuation of tangible fixed assets, less their estimated residual value, over their expected useful lives as follows:

Plant and machinery	-	20% Straight line
Fixtures, fittings and equipment	-	15% Straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Profit and Loss Account.

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

Get Maxi Limited

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 30 April 2025

If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Employee benefits

The company provides a range of benefits, including paid holiday arrangements.

Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

Taxation

Current tax is recognised for the amount of corporation tax payable in respect of the taxable profit for the current or past reporting periods using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is not recognised in respect of any timing differences.

Foreign currencies

The functional and presentational currency is the Euro (€) as this is the currency of the economic environment in which the company predominately operates. Transactions in other denominated foreign currencies are recorded at the rates of exchange prevailing at the dates of the transactions. Monetary assets and liabilities in other currencies are translated at the exchange rates ruling at the balance sheet date.

Financial Instruments

Cash and cash equivalents

Cash consists of cash on hand and demand deposits. Cash equivalents consist of short-term highly liquid investments that are readily convertible to known amounts of cash that are subject to an insignificant risk of change in value.

Other financial liabilities

Trade creditors are measured at invoice price, unless payment is deferred beyond normal business terms or is financed at a rate of interest that is not a market rate. In this case the arrangement constitutes a financing transaction, and the financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial assets

Other financial assets including trade debtors for goods sold to customers on short-term credit, are initially measured at the undiscounted amount of cash receivable from that customer, which is normally the invoice price, and are subsequently measured at amortised cost less impairment, where there is objective evidence of an impairment.

Impairment of financial assets

At the end of each reporting period, the company assesses whether there is objective evidence of impairment of any financial assets that are measured at cost or amortised cost, including unlisted investments, loans, trade debtors and cash. If there is objective evidence of impairment, impairment losses are recognised in the Profit and Loss account in that financial year.

Share capital of the company

Ordinary share capital

The ordinary share capital of the company is presented as equity.

3. Creditors

Creditors amounts falling due within one year

The repayment terms of trade creditors vary between on demand and ninety days. Trade creditors do not attract interest. Taxes are subject to the terms of the relevant legislation. The terms of the accruals vary.

for the financial year ended 30 April 2025

4. Financial commitments and guarantees

Capital commitments

At the financial year end date, the company did not have any capital commitments.

Financial commitments

At the financial year end date, the company did not have any financial commitments.

5. Appropriation of Profit and Loss Account

	2025	2024
	€	€
Profit brought forward	95,924	101,833
Profit/(loss) for the financial year	6,329	(5,909)
Profit carried forward	<u>102,253</u>	<u>95,924</u>

6. Judgements

The directors consider the accounting assumptions below to be their critical accounting judgements:

Going Concern

The directors consider it appropriate to prepare the financial statements on a going concern basis.

7. Contingent liabilities

The company does not have any contingent liabilities.

8. Controlling interest

The company is controlled equally by Brendan Casey, Kenneth Casey and Vincent Casey.

9. Post-Balance Sheet Events

There have been no significant events affecting the company since the financial year-end.

10. Approval of financial statements

The financial statements were approved and authorised for issue by the board of directors on 22 January 2026.
